

My husband and I have sailed a beautiful Vindö 50 for many years. Unfortunately, my husband passed away in November of last year, so I have to sell my ship with a heavy heart, with which we have sailed the western and southern Baltic Sea as well as the Kattegat and Skagerak for many years.

Our ship was built in 1979 and came to water for the first time in 1980.

The 36 hp Volvo Penta engine runs flawlessly. The machine was serviced regularly. Upcoming repairs were carried out by specialist workshops.

My husband bought our ship first hand in 1991 and has owned it ever since. Since he was very skilled in craftsmanship, he took over the entire care himself. The boat has actually gotten better every year.

In 2001 the ship was completely overhauled, including the underwater ship and repainting.

Now the boat is well maintained, freshly painted and polished in the hall of our club in the winter camp in Flensburg, Germany, near the danish border, and is waiting for its new owner.

After applying the underwater paint, the boat can be brought to water.

Our friend is the contact person for the sale of our boat  
Klaus-Peter Heldt, Mobile +49 170 481 7725, email: klaus-peter-heldt@t-online.de.

I would like to ask you to put this letter in the Vindonet.

Sincerely

Kirsten Roes
